

CROMWELL COLLEGE

Cromwell - South Island
Students: 500

Cromwell College is a welcoming school with around 500 students. The school offers a quality education in a friendly, family atmosphere. Here students will enjoy an authentic 'Kiwi' rural experience.

Students at Cromwell College benefit from excellent modern facilities. Classrooms are fully equipped and single story with good computer access and a wide variety of courses. The school is nestled in park-like grounds which include a gymnasium and auditorium. Next to the school there is an all-weather hockey turf, 25m heated swimming pool, and an all-weather cricket wicket. Close by lies an Aquatics Centre for sailing and kayaking.

Cromwell College excels at outdoor sports courses being perfectly situated to offer a huge range of opportunities for different outdoor activities.

This school will suit students looking for opportunities to experience the best of New Zealand's outdoor environment in a small community. There are lots of opportunities for students to become involved in the life of the school, including outdoor pursuits, sports, music, drama, and other cultural events. With its wide range of subject options and its outdoor sports course, Cromwell College has something to offer everyone.

Cromwell

The town of Cromwell has approximately 5,000 people and is set in the heart of the beautiful Central Otago tourist area. It is an historical gold mining town which has been redesigned for modern town living. Situated close to Wanaka and Queenstown, the scenery in this area is simply breath-taking, with nearby ski-fields, stunning lakes, rivers, bush, and mountains. Typical Cromwell weather consists of warm, dry summers, crisp, clear winters, and low rainfall. Although snowfalls are heavy in the surrounding mountains, snow in the town is a rare event.
